

Priti Oli

Memphis, TN ✉ poli@memphis.edu 🏠 <https://pritioli.github.io>

Education

The University of Memphis, Memphis, TN

Aug 2019 - In progress

Ph.D. in Computer Science

Research: Natural Language Processing, Human-Computer Interaction, Computer Science Education

The University of Memphis, Memphis, TN

Aug 2019 - Dec 2021

Master in Computer Science

Institute of Engineering, Pulchowk Campus, Kathmandu

Dec 2011 - Dec 2015

Bachelor in Electronics and Computer Engineering

Work Experience

Learner's Data Institute

April 2020- April 2023

Research Assistant

- Developed a comprehensive end-to-end conversational system to enhance program comprehension for students in introductory programming courses, focusing on improving learning outcomes and understanding of fundamental programming concepts.

DataWhys

April 2023- August 2023

Research Assistant / Data Science Instructor

- Developed and delivered lectures and interactive exercises on data science concepts to undergraduate students.

Zakipoint Health, Inc.

June 2017 - July 2019

Senior Software Engineer

- Developed and implemented Zakipoint's in-house software, surpassing client expectations by delivering a high-performing solution that met all functionality requirements within the specified timeline, resulting in increased client satisfaction and successful software adoption.
- Successfully leveraged d3.js to streamline data processing and visualization, resulting in the rapid development and deployment of a highly effective system for analyzing and presenting complex datasets.
- Optimized operational efficiency by automating daily maintenance tasks for Elastic search, resulting in streamlined operations and improved productivity

Deerwalk Services Inc.

Dec 2015 - Dec 2016

Software Developer

- Designed and developed cutting-edge application systems, driving significant enhancements to client requirements within the Health portal system of Deerwalk.
- Enhanced reporting functionalities using Jasper Report and Apache POI, resulting in streamlined data analysis, improved decision-making processes, and enhanced overall system efficiency.

Projects

- **DeepCodeTutor:** Developed both frontend and backend components of a dialogue-based scaffolding system for code comprehension tasks. Improved semantic similarity approaches to provide effective feedback to students leveraging Large Language Models(LLMs) with few shot and fine-tuning approaches.

- **Automated assessment of students' explanation during code comprehension** Researched, designed, and developed an end-to-end pipeline for assessing students' explanations during code comprehension using transformer-based models.
- **Knowledge Tracing using Transformer Models** Implemented and evaluated state-of-the-art deep learning models, including Recurrent Neural Networks (RNNs) and Transformers, to effectively perform knowledge tracing of students' coding exercises across multiple semesters, enabling accurate assessment of their learning progress and identification of areas for improvement.

Teaching Experience

Teaching Assistant

Dec 2017-Apr 2017

IOE, Pulchowk Campus

- Designed and facilitated engaging lab sessions, developing instructional materials for undergraduates on Computer Architecture and Organization to enhance the subject understanding.

Instructor DataScience Internship

May 2023-July 2023

DataWhy's, IIS, Memphis

- Created comprehensive lectures and facilitated interactive exercises to educate undergraduate students on essential data science principles.

Technical Skills

Programming Languages:

Python, Java, JavaScript, SQL, Elasticsearch

Tools & Framework:

PyTorch, TensorFlow, Pandas, NLTK, Spring-MVC, Struts

Awards and Honors

- Google Computer Science Research Mentorship Program (**CSRMP 2022 a**)
- GHC Scholar 2022, 2023 (**GHC 2022, 2023**)
- Peter I. Neathery Fellowship (Aug 2020) University of Memphis
- Runner-Up(2016) NASA space app challenge Kathmandu 2016
